- Recommendations**
- Colon**  
Insufficiency (Left: 2, Right: 5)
  - Heart**  
Hyperactivity (Left: 7, Right: 36)
- The organ that is most often in the greatest insufficiency requires the greatest attention. An organ in a state of hyperactivity is compensatory; your observation is recommended. As a rule, no action is required. If you observe an organ metric below 15% for several days, you should consult a doctor.
