L2	L1	H1	H2
37.87	33.28	52.62	47.58

Recommendations

Stomach

Insufficiency

Heart

Hyperactivity

The organ that is most often in the greatest insufficiency requires the greatest attention.
An organ in a state of hyperactivity is compensatory; your observation is recommended. As a rule, no action is required.
If you observe an organ metric below 15% for several days, you should consult a doctor.
