Insufficiency

Pericardium, cardiovascular system

| | | | | |
|------|----|---|----|-------|
| left | 41 | N | 34 | right |
|------|----|---|----|-------|

Hyperactivity

The organ that is most often in the greatest insufficiency requires the greatest attention.
 An organ in a state of hyperactivity is compensatory; your observation is recommended. As a rule, no action is required.
 If you observe an organ metric below 15% for several days, you should consult a doctor.
