<b>6.04</b>	<b>3.71</b>	<b>13.69</b>	<b>11.04</b>

**Recommendations**

**Kidney**

**Insufficiency**

**Heart**

**Hyperactivity**

The organ that is most often in the greatest insufficiency requires the greatest attention.  
An organ in a state of hyperactivity is compensatory; your observation is recommended. As a rule, no action is required.  
If you observe an organ metric below 15% for several days, you should consult a doctor.
