**Recommendations**

**Bladder**

21 left    N    24 right

**Insufficiency**

**Liver**

66 left    N    68 right

**Hyperactivity**

The organ that is most often in the greatest insufficiency requires the greatest attention. An organ in a state of hyperactivity is compensatory; your observation is recommended. As a rule, no action is required.

If you observe an organ metric below 15% for several days, you should consult a doctor.
