26.85	19.19	51.89	43.23

Recommendations

Pancreas and Spleen

Insufficiency

The organ that is most often in the greatest insufficiency requires the greatest attention. An organ in a state of hyperactivity is compensatory; your observation is recommended. As a rule, no action is required.

If you observe an organ metric below 15% for several days, you should consult a doctor.
